

# PLANNED PARENTHOOD PROVIDES less care, no matter what.

Despite “serving” **2.84 million fewer clients** in FY 2020 (2.16 million) than in FY 2001 (5.0 million), **Planned Parenthood** drastically increased their annual forced taxpayer-funding from \$241 million to \$633 million in those same twenty years. Actual medical services for women have plummeted at the abortion giant for decades. But **abortions** have drastically increased, and profits have **skyrocketed**.\*
